About Blend

We bring simplicity and transparency to the financial system—so everyone can confidently pursue life’s biggest goals.

A Single, Unified Platform

One intuitive platform for digital origination across lending and banking—delivering ROI on repeat.

Our platform is trusted by leading banks and lenders across the U.S. to power digital origination from end to end—automating verification, enabling faster decisions, and delivering seamless borrower experiences across home lending and consumer banking. With rapid deployments, built-in integrations, and enterprise-grade scalability, we make transformation feel effortless.

Customer Impact

\$1.2 trillion loan applications processed through Blend in 2024

21/50

top U.S. banks by asset size

10/20

top U.S. mortgage servicers by volume

7/10

top U.S. credit unions by asset size
